Life is Light

Discover
the potential

Kendal Elektrik, which started its activities in the electrical materials sector in **1998**, continues its production in an area of **22.000** square meters with **230** employees. Kendal Elektrik, which has achieved many firsts in the sector, is entirely Turkish-owned and produces its products at world standards and on automation-based machine parks.

Kendal Elektrik, following the technological developments meticulously, carries out the mold productions that give life to the products within its own structure. In this way, metal molds reach real product forms in the injection production area and take the first step in becoming a complete product. Kendal Elektrik, which sees it as a mission to spread robot technology to all processes of production and integrate it with each other with an understanding of error-free and high quality production, continues to increase its investments in accordance with the expectations of the sector and customer, with a total automation area of approximately 22.000 square meters.

Kendal Elektrik, a **100% domestic brand**, is working to give back to these lands what it has taken from these lands.

It produces in many fields such as led panel, led spot, led flood light , together with Led Bulb , which is the main artery of the sector , and enjoys the privilege of offering many product groups that customers need in the market under one roof.

Kendal Elektrik has been increasing its capacity every year with its steadily growing product range and related investments and adding strength to its strength in the market.

Kendal Elektrik is the market leader in the domestically produced led bulb industry with its LED bulb production capacity and prevalence . Drawing attention to the needs of customers with products produced for Kendal Power LED bulbs in eye fatigue 4,000 LEDs also produces panel and bulb.

The choice of professionals; Increasing the range of TSE standard products day by day, Kendal Elektrik designs and implements many product groups needed by the sector in coordination with its R&D center with a competitive approach. TSE certified products in this group are subjected to tests in our accredited laboratory and offered to the market in a 100% safe manner. With the automation team established within the body of ARGE in 2013, it has reshaped not only the product but also the automation-based production processes . Together with our TSE certificates, it makes great efforts to spread the innovation- based change culture within the institution.

Kendal Elektrik aims to be among the top 10 companies in terms of turnover in the Asian, European and African markets and to be the leader in the domestic market.

With more than 20 years of experience and 100% Turkish capital, Kendal Elektrik is rapidly approaching its goal of becoming a world brand with the investments it has made and will make.

OPERATIONAL EXCELLENCE

Operational Excellence: Ready for Tomorrow, Today

Transformation...It is not just about making a company better today; it is about building the bridge that carries it into the future. At Kendal Elektrik, we are reshaping our 30 years of experience with this understanding. Our OPEX (Operational Excellence) process is designed not only to optimize our operations but also to ensure our steady progress toward global leadership in the next-generation lighting industry.

Traditional approaches may be sufficient to meet today's needs. However, Kendal Elektrik aims to set the standards of the future today and add value to our business partners through continuous improvement. Our OPEX transformation is a tangible reflection of this vision.

OPEX: The Strategy That Shapes the Future

OPEX is not just an operational improvement process; it is also a leadership strategy. This process unites the entire organization under one common goal: Making excellence the standard.

Digitalization and Smart Business Models

At Kendal Elektrik, we are not just digitalizing our processes; we are making every operational step smarter, faster, and more flexible. By leveraging advanced technologies and big data analytics across all areas—from product lifecycle management to logistics—we are redefining our performance.

Energy Efficiency and Environmental Responsibility

The future depends on sustainability. With this awareness, we strive to be an industry leader in energy management. We develop eco-friendly, high-efficiency lighting solutions to achieve more with less energy, benefiting both our customers and the planet.

Strong Business Partnerships

Competition in the business world does not mean excluding collaboration. Our OPEX process aims to strengthen strategic partnerships with our customers and stakeholders, creating long-term value and enhancing our global competitiveness.

Building the Future Today!

Our OPEX transformation is not just a tool to reinforce our current success but a process that defines the leadership standards of tomorrow. We see ourselves not merely as a lighting solutions provider but as an industry leader shaped by innovation and excellence. This approach creates value that touches everyone—from our employees and customers to our suppliers and society.

At Kendal Elektrik, we move forward with visionary leadership and a commitment to continuous development. Our goal is not just to illuminate today but to light the way for the future.

**We are Strong Together:
to Perfection at Every Step...**

YERLİ MALİ BELGESİ

Belge Verili Tarihi : 11.06.2020 Belgenin Geçerlilik Tarihi : 11.06.2021 Belge No : 202000361754
 Üretici Ünvanı : KENDAL ELEKTRİK AYDINLATMA ELEKTRONİK İNŞAAT SANAYİ VE DİŞ TİCARET ANONİM ŞİRKETİ SİLİVRİ ŞUBESİ

İşyeri Adresi : Salihpasa Mahallesi 5008 Sokak No:4/A SİLİVRİ/İSTANBUL

Üreticinin Vergi Kimlik No: 5440659379 TC Kimlik No: MERSİS No : 0544005937900001

Telefon : 212-2511790	E-posta : mahaseb@kendalelektrik.com.tr
Faks : 212-2431896	Web Adresi :
Ticaret Sicil No : 94325-5	Öye Sicil No : 45082

Ürün Adı : Led ampul
 Ürün Kodu (PLC/ODCOM/GTİP) : 26.11.22.20.00 /
 Teknik Özellikler(Marka Adı, Modeli, Seri Numarası, Cinsi) : Marka Adı: K2 LED SYSTEM Modeli: T150
 Kapasite Raporunun Tarih : 27.03.2020 No : 11437 Geçerlilik Süresi : 26.03.2022
 Sanayi Sicil Belgesinin Tarih : 14.09.2017 No : 703789

Yerli Katkı Oranı : % 89,35

Ürünün Teknolojik Düzeyi (düşük/orta-düşük/orta-yüksek/yüksek(Tarzanlar)) : yüksek

Diğer bilgi ve belgeler :

İşbu belge Bilim, Sanayi ve Teknoloji Bakanlığı'nın 11/09/2014 tarih ve 29118 sayılı Resmî Gazetede yayımlanan "Yerli Mali Tebliği (SGM 2014/35)" ne istinaden ve TOBB tarafından hazırlanan "Yerli Mali Belgesinin Düzenlenmesi Uygulama Esasları" göre 11.06.2020 tarihinde düzenlenmiştir. Belgenin geçerlilik süresi veriliş tarihinden itibaren bir yıl geçerlidir.
